

Product Attachment

This **Network Director Product Attachment** defines the licensed location, processor, Model Group, type of license, the applicable fee for each product licensed, and the Total License Fee for all items listed in this Attachment. This Product Attachment, when executed (date specified below), is hereby incorporated into the License Agreement between the two parties. Each license listed in this Product Attachment is subject to the terms and conditions of the License Agreement. For licenses listed in this Product Attachment, the Annual Maintenance Fee (AMF) is **fifteen percent (15%)** of the then current license fee.
